FRIDAY, JULY 25

Roosevelt is the target for every Democratic newspaper and speaker. They know where the fight is going to come.

The Progressive organization over the country is assuming large proportions and it begins to look like it would sweep all before it by November.

More names have been sent in to the call for the convention tomorrow than we could give space in this issue. They will all have a chance in November.

Democrats believe the race for President between Wilson and Roosevelt. As an evidence of this they have nothing to say against Taft but watch him jump on Roosevelt.

Woodrow Wilson's nomination has not met with a very warm reception over the country. In fact there are evidences that both the candidate and the platform are a keen disappointment to the rank and file of Democracy.

We are told that the Taft organization will soon issue a defense of the Taft title to the nomination. Who ever heard of a candidate for the presidency being compelled to spend the campaign trying to establish his right to run.

Hon. Ed Bassett, Grayson County, has announced his candidacy for delegate to the Chicago Progressive Convention from the Fourth Congressional district. Mr. Bassett was a powerful factor in carrying Grayson for Roosevelt last April, and is a fine man.

Washington dispatches tell us the politicians all agree that the campaign will not be a month old until there will be only two candidates considered, and that Mr. Taft will rarely be mentioned. This is certainly true, if conditions in this locality are any criterion.

We are sorry for New York in the midst of the most disgraceful police scandal in the world's history. Had this police protected murder happened in Kentucky how we would have the word in first page head lines and magazine articles in New York and other Eastern cities. It would have been called a feud.

The attention of Mr. J. H. Thomas is directed to the additional list of Republican and Democrats whose names appear in this issue to the new party call. You must not think because only thirty appeared last week that there are no more in the County. By the way, we are informed that Mr. Thomas is the only Taft man in his precinct.

So candidate Wilson is going to hold on to his present job of Governor while he is running for the presidency. Now, what will some of our Democratic friends who were so horror stricken

because O'Rear did not resign as judge last year, say about this. We know they are too "sincere" not to condemn the actions of their presidential candidate in even terms. We await future developments.

Our city and county authorities are invited to read well an article published by us this week on the Sanitary Conditions in Hartford. We endorse every word which "A Citizen" says and every good man and woman who will stop and think is compelled to do so. Let us get our house in order before disease and pestilence stalk into our midst, when it will be too late. Hartford is usually a fairly clean town, but the incessant rains have made for us an unprecedented growth of vegetation in our streets. "A Citizen" will have the backing of this paper in his efforts to clean up the town.

DOES NOT APPLY TO FARMERS

Considerable excitement has been created among those who trade at Hartford from the country, by a report that the town council had passed an ordinance making it a penalty to sell meat and other farm products from a wagon to citizens of the town. We are glad to be able to clear the city of Hartford in this instance. No such law has ever been passed. On the contrary the products of the farm are especially exempted from the peddler's ordinance. Here is a copy of the section to which we refer.

"Peddlers and itinerant vendors of merchandise, except THOSE PEDDLING OR SELLING AGRICULTURAL PRODUCTS OR PRODUCTS OF THE FAIR, \$5 per day."

It will be seen from this that all farm products may be sold in Hartford by farmers without paying any fee. Of course, if one should engage in running a huckster wagon, buying and selling as a business, he would be required to pay the license, but not to sell his own produce. Hartford invites the trade of all the farmers.

OUR FRIEND MR. THOMAS.

In another column we publish a letter from the pen of our friend, Mr. J. H. Thomas, of Narrows, in which he makes some comments on the new party in the United States and in Ohio County in particular. Mr. Thomas seems to be unable to see in existing conditions any excuse for the new departure. The men who refuse to follow Mr. Taft, Senator Root, Barnes and others, do so because they are not in accord with the Chicago platform and because they are not bound by a nomination secured through a denial of the right of the people to select their own candidate. It does not make any difference how long a party may have been responsible for government or how much good it may have accomplished, it is possible for it to die when it falls into the hands of those who are out of sympathy with the people and fails to respond to the demands of the times. If the Republican party should die it would not be the first in history. It was the passing of that once powerful organization known as Whigs which made possible the Republican party. No one has been a stronger Republican than the writer and he was taught to love the name, but there is nothing in a name, unless it stands for something. We love the rose, as a flower, but we wouldn't follow one in the lap of a thief, nor run after one if it became attached to a "skunk".

Mr. Thomas fails to read the signs of the times if he thinks this movement a passing breeze and his invitation to the boys who will take part in the meeting here next Saturday and vote that way in Ohio County in November, will return to plague him in less time than he thinks. On the other hand he will be knocking for admittance and will be given the glad hand because of his sterling ability and a few of us can

vouch for his firm belief already in most of the things for which the only peoples' platform for 1912 will stand. In the mean time let us support our contentions good humoredly and not give up the fight in advance. It is between Wilson and Roosevelt and Roosevelt will win. In as much as Mr. Thomas concedes Taft's defeat, we invite him to get behind a sure enough leader and help win. Taft could not have won had he been given the nomination without opposition and from clean hands. The primaries demonstrated beyond a doubt that the people are against him and the list of reasons is a long one made by Mr. Taft, himself.

To Breeders and Shippers of Sheep!

The Government requires that each load of sheep shipped from Ohio county be accompanied by a certificate stating the number of sheep, to whom they are being shipped, and the market upon which they are to be sold. No sheep can be brought into this county from an adjoining county, without a certificate from the inspector of the county from which the sheep originate. Shippers of sheep living in this county and buying sheep in adjoining counties; must secure a certificate from the county inspector in the county where the sheep are bought and mail same to me before I will issue a certificate for for sold sheep to be loaded in Ohio county to be shipped to market.

Farmers living in Ohio county are required to secure a certificate before you can sell and move shees from this county to an adjoining county are hereby warned not to move any sheep without a certificate.

Shippers and farmers should write me at least two days before they desire to ship or move sheep to another county; stating the exact number of sheep to be shipped or moved, to whom they will be shipped, where they are to be sold, over what railroad they will be shipped and the date they expect to ship.

Shippers waiting until the day they expect to ship or failing to state the number of sheep in applying for certificate will have sheep left at shipping point until said requirements are fulfilled.
